October 23 – 26, 2012

This training is specifically designed for Registered Nurses currently certified as Adult/Adolescent Forensic Nurse Examiners (FNE-A), who are interested in becoming Pediatric Forensic Nurse Examiners (FNE-P). The training will utilize a multidisciplinary approach; therefore, law enforcement, victim services and other allied professionals are welcome and encouraged to attend one or more topics of interest.

Acknowledgements
Course materials and planning based on the Maryland Board of Nursing Forensic Nurse Examiner Standards and Practice Curriculum and the U.S. Department of Justice Sexual Assault Nurse Examiner SANE Development and Operation Guide.

• Other Special Guests

Licensure Requirements
Nurses who wish to practice as a Forensic Nurse Examiner - Pediatric (FNE-P) in Maryland must complete the entire 30-hour didactic portion of this Maryland Board of Nursing approved Pediatric FNE Curriculum by attending all four days.

FNE-P certification for the pediatric patient requires an additional 32-hour clinical component beyond this 30-hour classroom training, designed to familiarize the FNE-P Candidate with the resources available in her community. It is highly recommended that those interested in this training be hired by a FNE/SAFE program prior to attending this class, and especially prior to beginning the clinical requirements.

Registration & Fees
The cost of the course is $350 for the four-day course or $90 per day. The fee includes course materials, breakfast, lunch and snacks and must be paid in advance.

Registration Deadline is Monday, October 15, 2012
Seating is limited. Registration is required. To register, please call 410-871-6655 and leave a detailed message or access registration material online at www.iafn.org, www.mcasa.org or www.CarrollHospitalCenter.org.

To enhance your instructional experience, are you able to bring the following to class?
